Document Number

Clerk to the Authority

FEP 2788

Public

Introduction

In accordance with Standing Order 20, Questions from Members for the meeting on 5 October 2017 are listed below:

Questions received:

- (i) **Question 481** From Cllr Martin Whelton (Labour Group)

Total recalls

Can the Commissioner update the Authority on the Total Recalls campaign and whether any response has been received from Government following recent correspondence to the Prime Minister on implementing safety recommendations following the fire in Shepherds Bush last year?

- (ii) **Question 482** From Andrew Dismore AM (Labour Group)

Backstreet garages and car repairers

There are many 'backstreet' garages and car repairers across the capital, often with gas cylinders that present particular hazards, especially when there is a fire as occurred recently in Watling Avenue, Burnt Oak, in a garage that was unknown to LFB. What can be done to make sure the Brigade is made aware of these premises and the risks they pose, and to ensure appropriate advice is given to business owners re fire protection, especially involving the use and storage of cylinders?

(iii) **Question 483**

From Unmesh Desai AM

(Labour Group)

Support for Heathrow Airport

How often in the last 6 months has the Brigade been called upon to attend fires or other incidents at Heathrow Airport to support the airport's own firefighting team; in what circumstances will the Brigade be called upon to attend and is there a protocol with the airport for this; and how many of these incidents involved fires in aircraft?

List of Appendices to this report:

None.
